needle stored in the case available for carrying 2pcs cartridge or tubeless repair kit

**INSTRUCTION**

**VALVE FOR TIRE INFLATOR**

(1)

Clean the puncture area and remove the debris

(1)

To punch the CO<sub>2</sub> cartridge by screwing it tightly into the CO<sub>2</sub> pump.

**VALVE FOR HAND PUMP**

Engage into the tire valve. Twist back the cartridge to release the air. Twist forward the cartridge to stop releasing the air. The cartridge can't be taken off until the CO<sub>2</sub> air is run out off completely.

Push locking-ring toward pump head direction until handle won't touch locking-ring then engage to the valve of tire.

(2)

Assemble the tool to repair the puncture hole

(2)

TWIST

**CAUTION**

1. If CO<sub>2</sub> cartridge still charged with gas, it must discharge completely the CO<sub>2</sub> cartridge before removal.
2. When opening the CO<sub>2</sub> cartridge, point the inflator head away from yourself and others.
